

*"Absolutely the funniest life story written since the Book of Job"*  
-- Ms. Dalles-Dam of the Post Oregon Gazette

*"I couldn't stay awake all night reading this book"*  
-- Society Editor of Arffer-Pub Publications Inc.

*"Fascinating book. It only took me three minutes to burn it"*  
-- Qin Shi Huang, 480 BC

*"If you love art and poetry, this book is really not for you. You might be better off donating this volume to the kid down the kid down the street who hates book. In that way you can ensure that it gets into the hands of someone who can really appreciate this book"*  
-- The author's own publisher

This book introduces a ground-breaking new author, poet, and artist who has tried for many years just to get what is due to him. Finally it seems that he has succeeded. Within the covers of this volume you will be sucked into a world of insanity touched with a little bit of home-spun reality. Laugh if you have to, but never, no never, let the author know if you do. In his own words, the author explains that this book of poetry was inspired by that unknown poet who gave us these inspiring words: No, no, never, never play with matches; No, no, never, That Ain't cleaver.

# The World as I See it *Or* What Color is Red

By Wayne Lougee

*"The World as I See It" was written by Wayne Lougee for his family during the months of November and December 2009. The poetry and stories within this volume are all original work produced during this short time period. Many of the poems were composed while Wayne sat through church and other meetings. A well-known multi-processor, Wayne has been known to write poetry, lesson to a speaker, and answer questions at the same time. He is rarely seen without his rhyming dictionary, pen and paper.*

*Unless indicated, all drawing and paintings included in this volume have been created by the author. A infamous "church meeting artist", he has compiled many volumes of church drawings, a habit that even his own children have picked up on.*

*Please take the time to enjoy the humor, art and poetry herein that will introduce you to the world of Wayne Lougee*
